

**Recommendation 2183 (2020)<sup>1</sup>**

Provisional version

## Preventing discrimination caused by the use of artificial intelligence

Parliamentary Assembly

1. The Parliamentary Assembly refers to its [Resolution 2343 \(2020\)](#) "Preventing discrimination caused by the use of artificial intelligence". It notes that this resolution was adopted as work was ongoing within the Council of Europe by the Ad hoc Committee on artificial intelligence (CAHAI).
2. The Assembly recalls that equality and non-discrimination are fundamental rights and that all member States are required to respect these rights, in accordance with the European Convention on Human Rights (ETS No. 5), as interpreted by the case law of the European Court of Human Rights, and with the European Social Charter (ETS No. 35), as interpreted by the European Committee on Social Rights.
3. The Assembly therefore calls on the Committee of Ministers to take into account the particularly serious potential impact of the use of artificial intelligence on the enjoyment of the rights to equality and non-discrimination when assessing the necessity and feasibility of an international legal framework for artificial intelligence.
